

Shower Head Plus Gel Commercial Grade Descaler / Sanitizer

DESCRIPTION

Shower Head Plus Gel is an acid based, ready to use descaling solution encompassing a proprietary biocide. It is ideal for direct application on shower heads that are permanently fixed or have security locks to prevent tampering.

The product will descale and sanitize showerheads, plumbing fittings and sanitary ware in one operation. **Shower Head Plus Gel** has been developed for use on vertical surfaces and fixed fittings that cannot be dismantled and immersed for treatment. Product is supplied in 500ml squeeze bottle, application of product can be made using a brush or other suitable applicator.

Please note – if fittings can be dismantled then Showerhead Plus liquid is recommended.

SPECIFICATION

pH	1-2
Appearance	Viscous gel
Colour	Yellow

NOTES

Shower Head Plus Gel can be used sparingly on decorative and chromed finishes. On completion of descaling, components should be thoroughly rinsed with fresh mains water before reinstatement of service.

Shower Head Plus Gel should **not be** mixed with other products such as hypochlorite based solutions.

HANDLING

Please refer to material safety data sheet for detailed handling/storage instructions.

- Avoid contact with eyes, skin and clothing.
- In case of contact, immediately remove contaminated clothing and wash skin with soap and water.
- For eyes, flush with plenty of water and seek medical attention. Harmful if swallowed.
